

CHILD SAFE STANDARDS – STUDENT VERSION

Standard 1:

Child Safety is important! We want our school to be a safe place for students. This means we have someone who is in charge of making sure the rules are followed.

Standard 2:

We follow our Child Safety Policy. This means we have the rules written down so everyone knows what they are.

Standard 3:

We have a Code of Conduct that adults at our school sign. This means we have teachers sign that they understand the rules.

Standard 4:

We choose our staff carefully and educate them to keep our students' safe. This means we make sure the people we employ to work at your school understand the rules.

Standard 5:

We act quickly when a student is feeling unsafe or has a NO feeling. This means to know what to do if someone breaks the rules.

Standard 6:

We continually look for ways to reduce and prevent risks to our students. This means we need to make sure people know the right things to do.

Standard 7:

We develop positive relationships, resilience, and the awareness and prevention of child abuse. Students have a say and we listen to them. This means we need to teach children what to do if someone does the wrong thing to them.
